Honorable Henry M. Jackson
Chairman, Military Applications Subcommittee
Joint Committee on Atomic Energy
United States Senate
Washington 25, D. C.

Dear Senator Jackson:

The Office of Scientific Intelligence, Central Intelligence Agency, has reviewed the draft Congressional Record of the briefing and discussions on guided missiles given before your Subcommittee by Mr. Allen W. Dulles and his staff on January 19, 1956. There are only a few minor corrections to the Record recommended, and these have been noted directly on the draft, which is returned herewith.
